Describe:

ERTS was contacted by Tina McGovern of Landstar Inway regarding cargo release. It was reported that Truck 417701 while traveling I-55 had to brake hard. This impacted a 330 gallon tote of UN 1908 releasing an estimated 250 gallons of product inside the trailer and to the asphalt and soil. No drains or waterways reported to be impacted by the release. A network contractor was dispatched arrived onsite. Clean the spillage in the trailer and asphalt and excavated and remediated the soil.
