

# Hazardous Materials Incident Report

Form Approval OMB No. 3137-0039

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 2137-0039. The filling out of this information is mandatory and will take 96 minutes to complete.

### INSTRUCTIONS

Submit this report to the Information Systems Manager, U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration, Office of Hazardous Materials Safety, DHM-63, Washington, D.C. 20590-0001. If space provided for any item is inadequate, use a separate sheet of paper, identifying the entry number being completed. Copies of this form and instructions can be obtained from the Office of Hazardous Materials Website at http://hazmat.dot.gov. If you have any questions, you can contact the Hazardous Materials Information Center at 1-800-HMR-4922 (1-800-467-4922) or online at <a href="http://hazmat.dot.gov">http://hazmat.dot.gov</a>.

PART I - REPORT TYPE			
1. Incident Id:         E-2025010           2. This is to report:         A	052		
PART II - GENERAL INCIDEN	T INFORMATION		
3. Date of Incident: 12/07/2024		4. Time of Incident (use 24-hour time): 22:45	
5. Enter National Response Center Report Number (if applicable):		6. If you submitted a report to another Federal DOT agency, enter the agency and report number:	
County: State: Zip Code: (if known): Street Address/Mile Marker/Yard Name 2385 Riverport Road			
8. Mode of Transportation: Highway			
9. Transportation Phase: Unloading			
City: State:	5525 HIGHWAY 3115 GEISMAR LA 70734-3412	INC. Hazmat Registration Number: 052323550078FH	
State: Zip Code:	5525 HIGHWAY 3115 GEISMAR LA 70734-3412		
, , , , , , , , , , , , , , , , , , , ,	88440570	Hazmat Registration Number: 052323550078FH	
12. Origin (if different from shipper a Street: City: State: Zip Code:	ddress)		
13. Destination: Street: City: State: Zip Code:	2385 Riverport Road MEMPHIS TN 38109		
14. Proper Shipping Name of Hazard Material:	ous HYDROGEN FLUOR	IDE, ANHYDROUS	
15. Technical/Trade Name:	One and the Materia		
16. Hazardous Class/Division:	Corrosive Material		
17. Identification Number: (E.g. UN2764	, NA 2020) UN1052		

18. Packing Group: (if applicable)				
<b>19. Quantity Released:</b> (Include Measurement Units) 0.5	Liquid - Pound			
20. Was the material shipped as a hazardous waste? If yes, provide the EPA Manifest Number:	? False			
21. Is this a Toxic by Inhalation (TIH) material? If yes, provide the Hazard Zone:	True C			
22. Was the material shipped under an Exemption, A If yes, provide the Exemption, Approval, or CA number:	Approval, or Competent Authority Certificate? False			
23. Was this an undeclared hazardous materials shipment?	False			
PART III - PACKAGING INFORMATION				
<ul> <li>24. Check Packaging Type (check only one - if more than one, list type of packaging, copy Part III, and complete for each type: Cargo Tank Motor Vehicle (CTMV)</li> <li>25. See instructions and enter the appropriate failure codes found at the end of the instructions. Be sure to enter the codes from the list that corresponds to the particular packaging type checked above. Enter the number of codes as appropriate to describe the incident. Enter the most important failure point in line 1. If there are more than two failure points, provide in this format in part VI. What Failed: - 121-Gasket How Failed: - 306-Failed to Operate Causes of Failure: - Misaligned Material, Component, or Device</li> </ul>				
Single Package or Outer Packaging:	Single Package or Inner Packaging (if any):			
Packaging Type:				
Material of Construction: Head Type (Drums only): 27. Describe the package capacity and the quantity:	Packaging Type: Material of Construction:			
Material of Construction: Head Type (Drums only): 27. Describe the package capacity and the quantity:	Material of Construction:			
Material of Construction: Head Type (Drums only):	Material of Construction: Single Package or Inner Packaging (if any): Package Capacity:			
Material of Construction: Head Type (Drums only): 27. Describe the package capacity and the quantity: Single Package or Outer Packaging: Package Capacity: 4800 Liquid - Gallon Amount in Package: 30980 Liquid - Pound Number in Shipment: 1 Number Failed: 1 28. Provide packaging construction and test informat Manufacturer: Mississippi Tank Comp Serial Number: T14731	Material of Construction: Single Package or Inner Packaging (if any): Package Capacity: Amount in Package: Number in Shipment: Number Failed: Ation, as appropriate: bany Manufacture Date: Last Test Date: Last Test Date: k Car, CTMV, Portable Tank, or Cylinder) /, Portable Tank) TMV)			

# PART IV – CONSEQUENCES

30. Result of Incident (check all that apply):	
- Spillage:	- Fire:
- Explosion:	- Material Entered Waterway/Storm Sewer:
- Vapor (Gas) Dispersion: True	- Environmental Damage:
- No Release: False	
31. Emergency Response: The following entities re Fire/EMS Report #: Police Report #: In-house cleanup: True Other Cleanup:	esponded to the incident: (Check all that apply)
32. Damages Was the total damage cost more than If yes, enter the following information: Material Loss: Carrier Damage: Property Damage: Response Cost: Remediation/Cleanup Cost:	(If no, go to question 33.) \$ 0.00
33a. Did the hazardous material cause or contribut	te to a human fatality? False
If yes, enter the number of fatalities resulting from Employees: Responders: General Public:	
33b. Were there human fatalities that did not result If yes, how many?	t from the hazardous material? False
34. Did the hazardous material cause or contribute If yes, enter the number of injuries resulting from	
Hospitalized (Admitted Only):	
Employees: Responders: General Public: <b>Non-Hospitalized:</b> (e.g.: On site first aid or Emergency Room Employees: Responders: General Public:	observation and release)
<b>35. Did the hazardous material cause or contribute</b> If yes, provide the following information: Total number of general public evacuated: Total number of employees evacuated: Total evacuated: Duration of the evacuation:	
36. Was a major transportation artery or facility clo If yes, how many?	bsed? False
<b>37. Was the material involved in a crash or derailm</b> If yes, provide the following information: Estimated speed (mph): Weather conditions: Vehicle overturned? Vehicle left roadway/track?	nent? False

# 38. Was the shipment on a passenger aircraft? If yes, was it tendered as cargo, or as passenger baggage? 39. Where did the incident occur (if unknown, check the appropriate box for the location where the incident was discovered)? 40. What phase(s) had the shipment already undergone prior to the incident? (Check all that apply) Shipment had not been transported Transport by air (subsequent flights) Initial transport by highway to cargo facility

# PART VI - DESCRIPTION OF EVENTS & PACKAGE FAILURE

- Describe the sequence of events that led to the incident and the actions taken at the time it was discovered. Describe the package failure, including the size and location of holes, cracks, etc. Photographs and diagrams should be submitted if needed for clarification. Estimate the duration of the release, if possible. Describe what was done to mitigate the effects of the release. Continue on additional sheets if necessary.

### Describe:

Team was conducting an HF anhydrous offload. Immediately after establishing flow, team noticed HF coming from top of offload line connection. Team immediately pressed E-stop and blocked in the nitrogen. The operator activated the safety mitigation system. After the mitigation system was deactivated, the line was swept, new gasket installed, leak check performed, and product was safely offloaded.

## PART VII - RECOMMENDATIONS/ACTIONS TAKEN TO PREVENT RECURRENCE

- Where you are able to do so, suggest or describe changes (such as additional training, use of better packaging, or improved operating procedures) to help prevent recurrence. Provide recommendations for improvement to hazardous materials transportation beyond the control of your individual company. Continue on additional sheets if necessary.

### Describe:

Require drivers to go through flange makeup training annually. Develop flange makeup training as part of a training module. Discuss issues with requirements for customers maintaining equipment.

# **PART VIII – CONTACT INFORMATION**

Contact's Name:	Matthew Houston	
Contact's Title:	ESS Americas DG Compliance Leader	
Business Name and Address:	HONEYWELL INTERNATIONAL INC.	
	115 Tabor Road Morris Plains NJ 07950	
E-mail Address:	matthew.houston2@honeywell.com	
Telephone Number:	(973)455-2308	
Fax Number:		
Hazmat Registration Number:	052323550078FH	
Date:	01/03/2025	
Preparer is:	Carrier
