

Hazardous Materials **Incident Report**

Form Approval OMB No. 3137-0039

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 2137-0039. The filling out of this information is mandatory and will take 96 minutes to complete.

INSTRUCTIONS

Submit this report to the Information Systems Manager, U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration, Office of Hazardous Materials Safety, DHM-63, Washington, D.C. 20590-0001. If space provided for any item is inadequate, use a separate sheet of paper, identifying the entry number being completed. Copies of this form and instructions can be obtained from the Office of Hazardous Materials Website at http://hazmat.dot.gov. If you have any questions, you can contact the Hazardous Materials Information Center at 1-800-HMR-4922 (1-800-467-4922) or online at http://hazmat.dot.gov.

4. Time of Incident (use 24-hour time):

the agency and report number:

6. If you submitted a report to another Federal DOT agency, enter

| 30. Result of Incident (check all that apply): - Spillage: True | - Fire: | | |
|---|--|---|--|
| - Explosion: - Vapor (Gas) Dispersion: - No Release: False | - Material Ente - Environmenta | red Waterway/Storm Sewer: Il Damage: | |
| 31. Emergency Response: The following entities re Fire/EMS Report #: Police Report #: In-house cleanup: Other Cleanup: True | sponded to the incident: (Checl | all that apply) (| |
| 32. Damages Was the total damage cost more than If yes, enter the following information: Material Loss: Carrier Damage: Property Damage: Response Cost: Remediation/Cleanup Cost: | \$500? (If no, go to question 33.) \$ 0.00 \$ 0.00 \$ 0.00 \$ 0.00 \$ 0.00 (See damage definitions in the instru- | False | |
| 33a. Did the hazardous material cause or contribute If yes, enter the number of fatalities resulting from Employees: Responders: General Public: | | False | |
| 33b. Were there human fatalities that did not result If yes, how many? | from the hazardous material? | False | |
| 34. Did the hazardous material cause or contribute If yes, enter the number of injuries resulting from the Hospitalized (Admitted Only): Employees: Responders: General Public: | | False | |
| Non-Hospitalized: (e.g.: On site first aid or Emergency Room of Employees: Responders: General Public: | observation and release) | | |
| 35. Did the hazardous material cause or contribute If yes, provide the following information: Total number of general public evacuated: Total number of employees evacuated: Total evacuated: Duration of the evacuation: | to an evacuation? | False | |
| 36. Was a major transportation artery or facility clo If yes, how many? | sed? | False | |
| 37. Was the material involved in a crash or derailment If yes, provide the following information: Estimated speed (mph): Weather conditions: Vehicle overturned? Vehicle left roadway/track? | ent? | False | |

38. Was the shipment on a passenger aircraft? If yes, was it tendered as cargo, or as passenger baggage? 39. Where did the incident occur (if unknown, check the appropriate box for the location where the incident was discovered)? 40. What phase(s) had the shipment already undergone prior to the incident? (Check all that apply) Shipment had not been transported Transport by air (subsequent flights) Initial transport by highway to cargo facility

PART VI - DESCRIPTION OF EVENTS & PACKAGE FAILURE

- Describe the sequence of events that led to the incident and the actions taken at the time it was discovered. Describe the package failure, including the size and location of holes, cracks, etc. Photographs and diagrams should be submitted if needed for clarification. Estimate the duration of the release, if possible. Describe what was done to mitigate the effects of the release. Continue on additional sheets if necessary.

Describe:

During switching operations PRD Valve released product. Per local transportation management stated " we probably slammed into it " causing the release.

PART VII - RECOMMENDATIONS/ACTIONS TAKEN TO PREVENT RECURRENCE

- Where you are able to do so, suggest or describe changes (such as additional training, use of better packaging, or improved operating procedures) to help prevent recurrence. Provide recommendations for improvement to hazardous materials transportation beyond the control of your individual company. Continue on additional sheets if necessary.

Describe:

During switching operations more care taken while moving and coupling into cars

PART VIII – CONTACT INFORMATION
